November 4, 2013 - Nutrition

Our Weekly Studies

Reading: Mrs. Boggs has been busy making our Rainbow Word cards...we reordered them to fit better into our curriculum (so if you have an old set from another child they will be a bit different). They are not yet ready to be sent home, but I'll hopefully finish this weekend and send them at the start of next week.

Math: We are practicing teen numbers: counting, making sets and ordering. We will also begin measuring.

Writing: We are trying hard to create "more interesting" sentences...trying not to start each sentence with "I see" or "I like." We are also writing more non-fiction.

Science and Social Studies: We will be learning about how to keep our bodies healthy and about good nutrition.
