May 13, 2013 - Amphibians and Reptiles

## Our Weekly Studies

**Reading:** Continuing with using strategies when decoding and retelling different types of texts.

**Math:** We have just about finished the Summative math assessment...and all the students did awesome! We will spend the remainder of the year reviewing all the concepts. I am also going to work on telling time this week because that is still an essential skill. ☺

**Writing:** We will be writing a variety of narrative texts.

**Science:** We are learning about Amphibians and Reptiles this week. This is always one of the favorite weeks each year.

**Social Studies:** We are learning about reading and making different types of maps.
